Dallas, Texas 75202

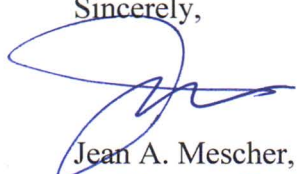

**Subject: Dioxin Reassessment - Analytical Data Schedule Update
Arkwood, Inc. Site, Omaha, Arkansas**

Dear Mr. Tzhone:

Per my 12/29/14 letter, this letter provides a follow-up to the schedule for the analytical laboratory data associated with the dioxin reassessment activities being conducted at the Arkwood Site. One analysis is still pending. We expect receipt of the outstanding analysis later this week and anticipate submitting the reports on or before March 31. We are also in the process of setting up an FTP site or similar to allow for an electronic exchange of data.

If you have any questions regarding this letter, please do not hesitate to contact me at (608) 848-4134.

Sincerely,

Jean A. Mescher, Project Coordinator
Sr. Director, Environmental Services
